Course Progress Policy

GET Education Australia will monitor, records and assesses the course progress of each student for the course in which the student is enrolled. Course Progress Policy defines the requirements for student satisfactory course progress, the processes for monitoring, recording and assessing the student course progress and the processes for the GET Education Australia intervention strategies for identifying and assisting students to achieve satisfactory course progress. The procedure sets out the processes for reporting student unsatisfactory course progress on PRISMS according to ESOS Act Section 19.

GET Education Australia assess student's progress at the end of each compulsory Term. The Term is 11 weeks long for all qualifications on CRICOS scope. While every attempt would be made to keep consistency in term weeks, however number of weeks in the defined term may also factor in the duration and the completion of units of competency, which enable GET Education Australia to determine student participation and course progress in any given successfully completed term. One Term is considered the minimum length of time in which it is reasonable for the Administration Manager to make an assessment of a student's course progress.

- ❖ Satisfactory course progress is achieved where a student successfully completes at least 50% of course requirements in a successfully completed Term.
- ❖ Unsatisfactory progress is defined as not successfully completing or demonstrating competency in more than 50% of the course requirements in a successfully completed Term.
- ❖ Course breach is defined as not successfully completing or demonstrating competency in more than 50% of the course requirements in TWO consecutive successfully completed Terms or NOT responding to intervention meeting invitation within 10 working days from the receiving the invitation.

GET Education Australia will also monitor overseas student attendance (but would not report, unless otherwise required) in the process of course progress monitoring and reporting. However overseas students must meet their visa obligations regarding attendance, wherever applicable.

You will also be provided with further information about course progress and attendance requirements at your orientation. For further details, please refer to Course Progress Policy and Procedure.
